Barfield and AERACCESS sign UAV/Drone Sales & Support Agreement

AFI KLM E&M American Subsidiary Barfield, signs an agreement with AERACCESS to sell and support its Unmanned Aerial Vehicles (UAVs) in the Americas.

Paris, Amstelveen, Miami, Brétigny-sur-Orge, April 22, 2021 – Barfield Inc., a subsidiary of Air France Industries KLM Engineering & Maintenance (AFI KLM E&M) in the Americas, continues to expand its active participation in the UAV industry by signing a partnership agreement with AERACCESS, a performance driven and innovative Surveillance Drone manufacturer, whose product range focuses on law enforcement, defense, facility security, and border enforcement solutions. This agreement is another milestone in the development of Barfield's UAV growth strategy.

“We are extremely happy to be partnering with AERACCESS. We have been studying the UAV thriving market for quite some time and found that AERACCESS has a high standard of meeting their commitments to customer through a balanced mix of innovation, customization, and series production. Their UAVs perform where others cannot deliver. This is exactly in Barfield's DNA and we strive to continue along these lines for this strategic addition to our expertise in aircraft engineering,” said **Herve Page**, Barfield's Chief Executive Officer.

“Barfield's expertise in aeronautics, its extensive commercial and government contracting activities along with its customer focus strategy to deliver exceptional products and services is a perfect fit to bring AERACCESS products and solutions to the Americas. This is an important step forward in our overall development strategy,” declared **Shehzaad Callachand**, AERACCESS' Chief Executive Officer & Founder.

About AERACCESS

Finalist of the 2019 Start-up World Cup, AERACCESS is a technology solutions provider that designs, builds and produces an innovative portfolio of unmanned aircraft systems (UAS). Its solutions give law enforcement personnel a situational awareness on the battlefield through real-time, airborne reconnaissance, surveillance and communication. Thanks to its highly reliable design, AERACCESS solutions are now a reference in agri-food, sensitive site protection with its Drone-in-a-box solution and parcel delivery markets.
